

GCCLR -Educational Technology Planning Kit

Dr. M.L. Garza-Gonzalez Charter School

Teacher Survey

The district is developing its strategic plan for technology in our schools. The purpose of this survey is to help us identify the status of technology in your classroom now and how we can best address your needs and those of your students over the next three years.

The survey should take about ten minutes to complete. Please return the completed survey to:

Technology Dept. _____.

If you have any questions or have suggestions that were not covered by this survey, please contact:
 _____ at _____. **Thank you for your time!**

Place a check mark to any that apply.

1. Are you a:

- | | |
|---------------------------|--|
| Classroom Teacher _____ | Technology/Computer Lab Specialist _____ |
| Special Ed. Teacher _____ | Department Head _____ |
| Librarian _____ | Other _____ |

2. How many years have you been teaching? _____ **3. Grade Level(s)** _____

4. Which content areas do you teach or support (Place a check mark to the one that applies).

- All _____ Math _____ Science _____ Lang. Arts. _____ Soc. St. _____
 Art _____ Music _____ P.E. _____ Technology _____ Other _____

5. Number of student in your classroom (or average per period) _____.

6. Which technology do you know how to use for your own purposes and with your students? (Check all that apply).

<u>You know how to use?</u>	✓
Computers	
CDROM Drive	
DVD Player	
Internet	
Comp. Projector	
VCR/TV	
Tape Recorder	
Camcorder	
Video Editing Eq.	
Digital Still Camera	
Scanner	
Other (name)	

<u>Use with your students</u>	✓

Teacher Survey

7. What kind of computer(s) do you use?

Classroom _____ Number _____ Model(s) _____
 In the Lab _____ Number _____ Model(s) _____
 At home _____ Number _____ Model(s) _____

8. If you do not use a computer now, is it because you: (Check all that apply).

- Do not have ready access to a computer. _____
- Need training in use of computer/software _____
- Need more technical support _____
- Need training to integrate tech. into the curriculum _____
- Don't have the time to learn a new tool. _____
- Aren't convinced of its value as a learning tool. _____
- Other: _____

9. What software do you know how to use? What software do you use with your students?

You know how to use?	✓
none	
Word Processing	
Spreadsheet	
Database	
Graphics Program	
Simulations	
Drill and Practice	
Desktop Publishing	
Multimedia Program	
E-mail	
Internet Browser	
Web Authoring tool	
Games	
Gradebook	
Utilities (anti-virus)	
Other (name)

Teacher Survey

10. Which level(s) best describe your technology proficiency? (Check all that apply)

- Computer**
- _____ novice
 - _____ can use word processing, simple graphics and spreadsheets
 - _____ am familiar with a variety of instructional software programs
 - _____ have students use computers for drill and/or keyboarding
 - _____ can do some maintenance, repair and basic networking tasks
 - _____ can teach and help others
 - _____ have little or no interest in computers

- Internet**
- _____ novice
 - _____ can send and retrieve email
 - _____ can send attachments
 - _____ can conduct on-line searches
 - _____ can download lesson plans and learning exercises
 - _____ can create web pages
 - _____ am comfortable using the Internet with my students
 - _____ can teach and help others
 - _____ have little or no interest

- Video production**
- _____ novice
 - _____ can operate a camcorder
 - _____ can operate editing equipment
 - _____ have used camcorders or video production with my class
 - _____ can teach both production and editing
 - _____ have little or no interest

11. On the average how many hours a week do your students use computers?

Hrs./Week	Classroom	Lab	Hrs./Week	Classroom	Lab
None			1-2 hrs.		
<30 min.			3-5 hrs.		
30-60 min.			6 hrs \geq		
			Other		

12. Approximately what percent of your students use a computer at home? _____%

Teacher Survey

13. Which levels best describes the majority of your students technology proficiency? (Check all that apply).

Computer

- _____ novice
- _____ have basic computer skills (turn on/off, insert disks, save files)
- _____ learned where letter keys are and practice keyboarding.
- _____ can play games and use drill and practice software
- _____ can use word processing to prepare and edit a document
- _____ can enter data in a spreadsheet, use simple formulas, and print
- _____ can insert graphics in a document from clip art or a graphics program
- _____ can create and sort a database and print reports
- _____ can do some basic maintenance, repair and basic networking tasks
- _____ can teach and help others
- _____ have little or no interest in computers

Internet

- _____ novice
- _____ can send and retrieve email
- _____ can send attachments
- _____ can conduct on-line searches
- _____ can download lesson plans and learning exercises
- _____ can create web pages
- _____ am comfortable using the Internet with my students
- _____ can teach and help others
- _____ have little or no interest

Video production

- _____ novice
- _____ can operate a camcorder
- _____ can operate editing equipment
- _____ have used camcorders or video production with my class
- _____ can teach both production and editing
- _____ have little or no interest

14. If you were involved in technology planning, what would be your priorities? Please indicate your priorities for the technology plan. (Circle the appropriate number for each category).

	Technology Priorities										
	Low					High					
	1	2	3	4	5		1	2	3	4	5
Computers for students						Classroom wiring					
Computers for teachers						Wide Area Network					
Admin. computers						Distance Learning					
Classroom computers						Technical Support					
Computer labs						Pro. Development					
Homeschool computers						Other					
Multimedia technology						None of the above					
Instructional Software											
Internet Access

Teacher Survey

18. What issues relating to instruction and district operations should the technology plan address?
(If more space is required, use the back of this sheet).

19. Do you know any teachers who could be technology trainers and/or share expertise with other teachers?

Name: _____ Subject: _____

Name: _____ Subject: _____

This completes the survey for technology planning. We will assess your input and analyze the information to help us better prepare and complete plans for current and future technology goals.

THANK YOU VERY MUCH FOR YOUR TIME.
